

# Yale Qualtrics Survey Tool

## Intro

---

*On March 10, 2020, Yale announced that school would be moving to an all-virtual model due to the threat of COVID-19. In the months following, we have had to reinspect what friendship and community means, and experiment with how to try to enact it.*

Hi. You've reached the survey for a project in one of my classes, PLSC 459. This project aims to visualize the diaspora of students in Stiles: our individual and collective movements through time, the ways that community has been realized and sadly interrupted these ~8 months and counting.

To all students in Stiles, it would mean a whole lot to me if you took a moment to fill out this survey. You will be asked about your location(s) these past few months, meaningful places, and a few other relevant questions. It should take around 5 minutes to complete!

If you have any questions at all, please feel free to email [cove.geary@yale.edu](mailto:cove.geary@yale.edu). Your responses are anonymous, and data will only be visualized in aggregate. Sincere thanks!

## Places

---

Many of us moved, en masse and in diaspora, over a series of memorable time periods this year. Please list the city/town where you were over each time period.

(If you traveled to multiple places over each time period, just write them in order separated by semicolons!)

---

Before 3/7: Where were you in the Spring semester, prior to Spring Break?

---

If you were in New Haven before Spring Break: which entryway, or off-campus?

---

3/7 through 3/15: Where were you over Spring Break, week 1? (If multiple locations, or repeat locations, just separate places by semicolons.)

---

3/16 through 3/22: Where were you over Spring Break, week 2?

---

3/23 through 5/6: Where were you for the remainder of the Spring semester?

---

5/7 through late August: Where were you for the summer?

---

8/31 through 11/21: Where were you for the fall semester, prior to November Break?

---

If you were in New Haven during fall semester: which entryway, or off-campus?

---

11/22 through 2020: Where were/are you for the remainder of the Fall semester?

---

### Nostalgia

---

This page is for the nostalgia.

**If you lived in the New Haven this Fall:** looking back on life in New Haven this Fall (perhaps for the first time!), in which places on and around campus did you end up having meaningful experiences?

**If you have been remote in the Fall:** Know that you have been missed. Although you have been remote, perhaps some Yale places have been on your mind. Which places on and around campus do you feel most nostalgic for? Have any virtual Yale spaces been meaningful for you?

---

List as many as you would like, but please be specific to help plot them meaningfully on a map (e.g. Smiles Library and not Smiles, Koffy! and not cafes). If some of these locations are virtual, that's cool too! If you have more than 10 places, just list them in the final row, separated by commas.

## Misc

---

This is the last page! You are almost there. Thank you for sharing your experiences for this project.

---

On a scale of 1-10: On average, how connected have you felt to other people in the Stiles community during each time period? (1 = very disconnected, 10 = very connected.)

Just answer to your best estimation/memory. First-years, it's ok if your answers are very low for the periods before Fall semester :).
